If you find corrections or additions, please let us know. Thanks

As a courtesy to 4-H families we do our best to maintain a list of awards for youth. Without input from youth, parents, guardians, and 4-H volunteers there are potentially events that could be included for a youth member. We depend on families to notify us of additional events because there is no state clearinghouse for results – such as shows, other fairs, contests, even other 4-H events. Often, we do not receive results until months after, if at all. Lists were mailed with invitations and instructions inviting additions or corrections. We do need information prior to ordering awards so we order enough – you can see this is always a challenge. We do the best we can.
