CharmGello Fishing *All Skill Levels*

My husband laughs at quilters for the funny names that we call patterns. He said this one looked like a Fish Net, so the pattern is called CharmGello Fishing. CharmGello uses 5-inch squares. By sewing the squares together in a systematic order, incredible designs and patterns can be created. The advantage of the CharmGello technique is that there is no cutting during initial assembly and seams do not need to be nested or matched. CharmGello technique still yields the beautiful designs and styles quilters associate with Bargello quilts and new designs uniquely CharmGello. Finished size with 5 blocks per row and 3 rows is approximately 50x48 inches. Students should be able to complete one row during class.

Supplies to Bring: Basic sewing supply kit (see list on page 3), iron, and ironing pad. 48 (5" squares - 1 yard): Color 1 (Salmon), 48 (5" squares - 1 yard); Color 2 (Green), 45 (5" squares - 1 yard); Background (White), 111 (5" squares - 2 ¼ yards). Students encouraged to use a wide variety of background squares. These are various white tone-on-tone. Cut 5" squares prior to class. Although not required, for head start, sew a background square to each color square using accurate 1/4" seams. There will be background squares left over. Instructor will supply pattern, humor, and instruction.

Instructor: Pat Arnott **Class Fee:** \$40

Chevron Christmas Tree Skirt *Beginner Skill Levels*

This beautiful Christmas Tree Skirt will become a family heirloom. Learn to use a special ten-degree ruler and strips of fabric to create this intricate design. It looks more complicated than it is. No strip is less than 20 inches long. Students will practice sewing strips together and cutting with a ten-degree wedge ruler. The wedges will then be sewn together to create the design of the quilt. Students will be shown two options for finishing the edges of the tree skirt. All finishing will be done outside of class.

Optional to purchase from teacher: Ten Degree Wedge ruler by Phillips Fiber Art: \$29.00 (please make this selection on your registration page).

Supplies to Bring: Basic sewing supply kit (see list on page 3), iron, and ironing pad. Basic Three different Christmas fabrics: 'A' requires 2 yards of fabric, 'B' requires 1-3/8 yard of fabric and 'C' requires 3/4 yard. Backing requires 3-1/8 yards fabric and binding requires 5/8 yard of fabric. Note: you must have at least 3 different fabrics for the front. The backing and binding can be the same fabric as one used on the front. Be sure to add needed yardages to purchase enough fabric. This pattern is not fat quarter friendly! Batting requires a 54" X 54" piece. Prior to class, cut the following strips: 'A' fabric: Cut 12 strips 5-1/2" X width of fabric 'B' fabric: Cut 12 strips 3-1/2" X width of fabric 'C' fabric: Cut 6 strips 2-1/2" X width of fabric

CharmGello Diamond Table Runner *Beginner Skill Levels*

CharmGello is a new technique that simplifies and beautifies quilt making. CharmGello uses 5" squares. By sewing the squares together in a systematic order, incredible designs and patterns can be created. The advantage of the CharmGello technique is that there is no cutting during initial assembly and seams do not need to be nested or matched. It is easy to make straight seams because 5" squares are sewn together rather than long strips. Organization of strips can be simplified by sub-cutting as you join the strips together. Seams are staggered rather than matched. Using Charm squares instead of long strips also makes the calculations and layouts much easier. Additional kits will be available.

Supplies to Bring: Basic sewing supply kit (see list on page 3), iron, and ironing pad. 48 (5" squares - choose 4 different fabrics, 12 five-inch squares from each fabric). 12 squares from each of 4 different colors. Choose fabrics of different color values dark to light or nicely coordinated, provided. Using a set of 4 colors or value gradations, sewing these squares together will result in a diamond block approximately 22 X 36 inches. One diamond block is perfect for a table runner, or they can be combined in rows to create a bed size quilt. Instructor will supply pattern, pre-cut fabric selection, humor, and instruction.
